Appeal from the United States District Court
for the Western District of Texas
USDC No. 6:20-CV-1079

ORDER:

On November 8, 2021, Appellant attempted to file her opening brief in this case, but the brief was insufficient in several respects. On November 9, 2021, the Clerk informed Appellant by letter that she must file a corrected brief addressing the deficiencies. Instead of doing so, Appellant has attempted to file several new versions of the brief that raise additional substantive issues not included in her November 8 brief. On December 7,

No. 21-50688

2021, the Clerk DENIED Appellant's motion to file one of those versions of her corrected brief.

Upon consideration of Appellant's motion for reconsideration, IT IS ORDERED that the motion is DENIED, except to the extent Appellant seeks to amend her November 8 brief to address the deficiencies identified in the Clerk's November 9, 2021 letter. Appellant may file a corrected opening brief addressing only those deficiencies.
